Kendall County GIS

111 West Fox Street - Room 308
Yorkville, Illinois 60560-1498
630.553.4030

Compiled using data through 12/31/2013

NOTE: The Rural Roads Identification System employs a numbering system based on a grid-mile coordinate system. The mileage is measured from the northeast corner of County. Each grid section west and south of that corner receives a 1000 number added consecutively across the County. Intermediate intersections across the County. Intermediate intersections across the County will be proportionate parts of 1000.
